

Megan James

Senior Associate

London

Biography

As a senior associate in the London Capital Markets Practice, concentrating on advising corporate trustees, Megan acts for trustees, agents and other service providers in relation to a broad range of capital markets products as well as advising on post-issuance amendments, restructurings and distressed debt situations. She trained with Hogan Lovells spending six months in the Capital Markets practice in London and a further six months in the Capital Markets team in Singapore, in each case, with a focus on corporate trust work.

Since qualification Megan has also spent seven months seconded to the legal team of a leading corporate trustee. She is part of our knowledgeable team of advisers to corporate finance trustees within our International Debt Capital Markets practice. The Hogan Lovells trustee practice has been recognized as a market leader in advising trustees and has advised trustees involved in distressed positions with nominal values in excess of US\$60bn since 2007.
