

Real Estate Investment

Investing in real estate has never been more global or complex. At Hogan Lovells, we are immersed in real estate — the world's largest asset class. Whether you are looking at offices, retail, industrial / logistics, residential, hotels, or any other type of building, we can help. We act for some of the world's largest real estate investors on their most complex deals.

We deal with all aspects of direct and indirect investment sales and purchases, from setting up a fund to joint ventures, coordinating portfolio acquisitions, and sales.

Our deep understanding of real estate as an asset class means that we will anticipate and solve problems to get the deal done.
