

## Stella Wong

Counsel  
London

### Biography

Stella Wong is dual qualified as a medical physician doctor and a solicitor. She is a counsel in the intellectual property team of the firm's London office. Stella works predominantly on multi-jurisdictional patent litigation. Her focus is on litigation relating to medical device, pharmaceutical and biotechnology patents but has also worked on patents in the mobile phone and LED fields.

Stella graduated from University College London with a degree in Medicine and a Bachelor's degree in Physiology. She has worked as a doctor at University College London Hospital and has practiced medicine for more than ten years. Stella has qualified as a Member of the Royal College of General Practitioners and still works as a general practitioner on Saturdays.

### Representative experience

Acting in its multi-jurisdictional patent litigation in relation to coronary stents.

Acting for the European Patent Office opposition proceedings in relation to anti tumour necrosis factor antibody technology.

Acting in European Patent Office opposition proceedings in relation to hydrophilic coated urinary catheters.
