The A Perspective Podcast

The A Perspective podcast is back for a second season. Andrew Skipper continues to discuss key topics with some of Africa's most influential leaders, both on and off the continent.

In this episode, Andrew is joined by Gus Casely-Hayford OBE; curator, cultural historian, broadcaster, and now the inaugural director of the V&A's new outpost in east London, a five-storey museum due to open in 2023. Listen as they discuss the importance of art in crafting safe and intellectual spaces as well as how Africans are using arts and culture to create these safe spaces to deal with complex issues; shining a light on possibilities, ways of thinking, and solutions for human-kind.
