

Alison M. Lehner

Senior Associate

Baltimore

Biography

Alison Lehner represents not only large corporations and universities in a full range of transactional matters, but she also regularly works with growth-stage companies and venture capital investors.

As a member of the firm's Life Sciences Industry Group, she is part of a multidisciplinary team focused on providing a full spectrum of legal services to clients involved in the life sciences industry. Alison represents life sciences and technology companies as well as universities in a variety of licensing and partnering transactions.

Alison also handles mergers and acquisitions, equity and debt financings, joint ventures, licensing and collaborations, and corporate governance matters. Alison has represented clients in the acquisition and disposition of assets and securities, mergers, and other business combinations. She also represents private equity and venture capital funds and their portfolio companies in acquisition and financing transactions. In addition to advising on transactional matters, Alison provides corporate governance, securities, and compliance advice to public and private companies, institutions, and their boards.

While in law school, Alison was a member of the *American University Law Review*. She began her legal
