Accolades

"Emil Arca of Hogan Lovells has a solid practice representing underwriters, issuers, and insurers in debt capital markets transactions. He is recognized for his ability to handle both conventional and structured financial products."

Chambers Global 2019

"They are by far the leading team and practice for structured non-vanilla bonds. The team, under partner Emil Arca, is increasingly senior, so the quality of the work is really world class. [T]he speed of execution is also great... Emil has been doing this for 30 years, and I haven't found an issue, structuring or otherwise, that he hasn't already encountered in various declamations. He's able to use all that experience to find an elegant solution to whatever the issue is. I have nothing but excellent things to say."
