

Soraya Ghebleh Keskey

Associate

New York

Biography

Soraya Ghebleh Keskey works with clients on a range of corporate and transactional matters in the highly regulated and dynamic health care industry.

She focuses on advising clients in the health care and life sciences industries, including health systems, academic medical centers, and health care service providers, as well as clients in the biotechnology, pharmaceutical, medical device, and health technology fields.

Soraya is part of the Hogan Lovells Blockchain-Smart Contracts Intellectual Property, Media and Technology (IPMT) working group. She has experience in various aspects of the blockchain industry and has spoken on health care and blockchain use cases in a variety of settings.

Before law school, Soraya was a Trustee Scholar at Boston University and worked in numerous clinical research settings, including Barrow Neurological Institute, Brigham and Women's Hospital, Cedars Sinai Medical Center, and Children's Hospital Los Angeles. She received her master's in public health from The Dartmouth Institute for Health Policy and Clinical Practice.
