

Dr. Stefan Schrewe

Business Lawyer

Frankfurt

Biography

Stefan Schrewe advises in areas of capital markets law and financial regulation. He is particularly involved in advising consortium banks and issuers on debt issuance programs, structured notes and securitized derivatives.

His recent work also covers the regulatory advice of banks and other financial services providers in connection with the distribution of financial instruments – in particular on the implementation of MiFID II/MiFIR.

Prior to joining our firm, Stefan, among others, worked for several years in the debt capital markets practice for another international law firm.
