

Dr. Lars-Fabian Blume

Associate
Dusseldorf

Biography

Lars-Fabian Blume advises clients in patent infringement cases at the courts in Dusseldorf, Mannheim and Munich, in nullity actions at the German patent court (Bundespatentgericht) and in opposition proceedings at the European Patent Office.

Unlike most German litigators, Lars-Fabian is double qualified as a lawyer and as a pharmacist, and specializes on cases involving challenging technical subject matters. He handles cases in all areas of the life sciences with a focus on biotechnology, pharmaceuticals and chemistry. In advising on these cases Lars-Fabian Blume can draw on his knowledge and experience in pharmacology, clinical pharmacy, chemistry, pharmaceutical technology and biotechnology gained during his pharmaceutical studies and doctoral studies.

Representative experience

Advising a worldwide provider of sample and assay technologies in an infringement proceeding.

Opposition proceedings before the EPO in the field pharmacology and organic chemistry.

Nullity proceeding at the German patent court in the field pharmacology.
