

David Gherdane, M.Jur. (Oxford)

Senior Associate
Hamburg

Biography

David Gherdane specializes in advising on national and international infrastructure and energy projects, including PPP, on both project and financing issues.

He has a special focus on wind (onshore and offshore) and photovoltaic projects. David has extensive experience designing and negotiating (FIDIC-based) contracts for the construction, delivery, maintenance and operation of infrastructure and energy projects, as well as financing contracts. His clients include all kinds of project stakeholders, in particular plant manufacturers, operators, sponsors, lenders and borrowers.

David Gherdane also has in-depth experience in advising insurers as institutional investors on insurance regulatory issues in asset management and in advising rolling stock finance.

Representative experience

Advising a contractor on the tender procedures and contract negotiations with regard to an HVDC grid connection system in the North Sea.

Advising a contractor in litigation procedures in connection with delayed completions of HVDC grid
