

Stefan Dusault

Associate
Amsterdam

Biography

Stefan represents clients in national and international proceedings in all areas of technology, including life sciences and mechanical engineering, he also regularly advises on IP-related agreements and transactions. Stefan is a member of our Intellectual Property, Media and Technology Practice Group, and focuses his practice on patent law.

He graduated with honors from the Radboud University Nijmegen in 2013 and was admitted to the Amsterdam bar in 2014. While in law school, Stefan served as a legal intern at the intellectual property departments of several law firms and studied a semester at the University of Glasgow on intellectual property and media law.
