With this in-depth and diverse knowledge of the business, David possesses valuable skills and experience.

David's clients recognize these qualities, and over the years have often expressed their appreciation for the manner in which he "gets things done". They value the combination of a thorough understanding of the industry, substantive legal knowledge in upstream operational matters and oil and gas asset transactions, and that he is "extremely responsive" to their needs.

He has represented oil and gas clients operating in numerous oil and gas producing states in the U.S., and in several countries in Europe, the Middle East, and Africa, as well as in Australia. Twice recognized as a "Super Lawyer" by his peers, David brings to bear his extensive knowledge to meet and exceed clients' needs.
