

Stefan Mayr, LL.M.

Senior Associate

Munich

Biography

Stefan Mayr advises national and international clients on product liability and product safety. His focus lies on the life sciences industry sector, in particular medical devices.

Stefan supports clients in the coordination and worldwide defense of complex product liability cases across various jurisdictions. This includes the development of multinational litigation and defense strategies.

Stefan has a strong academic background throughout the life sciences sector. After his qualification as paramedic of the Bavarian Red Cross, he specialized during his studies in the field of bio-, health- and medical law. During his legal clerkship he completed his Master of Laws (LL.M.) in Medical Law at the Heinrich Heine University Düsseldorf.

Representative experience

Global defense of global certification company against liability claims resulting from allegedly inappropriate certification of breast implant manufacturer P.I.P.

Advising an international manufacturer of medical devices on the implementation of the medical device regulation in the supply chain.
