Senior Associate  
Johannesburg

### Biography

As a member of our litigation practice Danika Balusik focuses on litigation, and construction and engineering law. She deals with construction adjudications, arbitrations and construction insurance.

Danika, as part of a greater team, acts on behalf of many of South Africa's parastatals and companies listed on the JSE. As many parastatals hold a monopoly over certain sectors in South Africa, the disputes are extremely technical, high risk and great in value.
