

John Fraczek

Senior Associate

Denver

Biography

John Fraczek brings technical excellence to collaborate on a spectrum of intellectual property and commercial issues. He anticipates logistical challenges and leverages his background in industrial engineering to provide analytical, tailored solutions.

He possesses comprehensive experience advising in the technology startup space helping clients navigate complex contracts impacting critical organizational and day-to-day operations. With the practical understanding to successfully operate in fast-paced digital economies, John is a go-to when it comes to protecting and defending strategic business structures.

Representative experience

Representing the commercial procurement group of a Fortune 100 company in numerous multimillion-dollar transactions.

Representing software and information technology services vendors in development and negotiation of contract forms for cloud and SaaS-based software solutions.

Representing Fortune 500 company in the replacement and transfer of its entire information technology outsourcing infrastructure to new vendors.
