

Raising Debt Capital

When looking to raise capital through debt, navigating this volatile market requires structuring with precision.

Our lawyers have insight into issues from all sides of the deal through advising issuers, underwriters, service providers, and investors. Our experience includes advising sovereigns, financial institutions, and corporates as issuers.

Corporate, convertible, covered, secured, MTN, LPN, high yield, sovereign, government-linked, public, private — every type of bond. You name it, we've done it.

Don't just take our word for it. Both the world's leading legal directories and global league tables rate us for our debt capital markets services.

Representative experience

Advised EDF on its market first precedent setting €1.4bn issue of Green Bonds to finance future renewable energy projects.

Advised a leading global technology company on multiple debt offerings, including a US\$12bn corporate bond issuance and a US\$17bn registered public offering of investment grade debt.

Advised GM Financial Company Inc. on establishment of a new Irish-listed €10bn EMTN program and on €650m European private placement and US Rule 144A listing of Notes.
