

## Why is Luxembourg the centre for real estate funds?

**Summer 2018**

*Global Investor Guide*

Luxembourg has been a centre for the structuring of real estate funds for quite some time now. As of Q3 2017, the Luxembourg supervisory authority, the Commission de Surveillance du Secteur Financier, reported 316 regulated real estate funds (comprising single funds and compartments of umbrella structures) in Luxembourg, with close to €56bn in assets under management.
