

## Julia Mischie

Associate  
Amsterdam

### Biography

Julia Mischie is a member of the Global Regulatory Life Sciences team. She provides Life Sciences companies with advice on EU regulatory aspects of pharmaceuticals, medical devices, cosmetics and tobacco and related products.

In 2021 Julia graduated from the University of Amsterdam where she obtained an LL.M. in Information Law. She wrote her thesis on efforts of the Dutch government in increasing the availability on pharmaceutical products in The Netherlands in relation to other EU member states and the challenges that occur doing so. Special emphasis was on the Life Sciences companies and their concerns on data and market exclusivity.
