

## Victoria Q. DeBayle

Senior Associate

Miami

### Biography

Victoria DeBayle has a strong background in Latin America and international and comparative law. With the ability to draft agreements in both Spanish and English, Victoria focuses on the development, financing, and construction of projects throughout the United States and abroad.

She represents companies in connection with engineering, procurement, and construction agreements and related contracts, such as equipment supply and operation and maintenance contracts. She drafts and negotiates the agreements and advises clients on project management, contract correspondence, and settlement of contractual disputes.

During law school, she honed her legal skills as a member of the University of Miami *International and Comparative Law Review*.

### Representative experience

Representing a Mexican entity in the engineering, procurement, construction, operation, and maintenance of a solar power plant with a nominal capacity of 50MW in Honduras.

Represented Siemens in the settlement of arbitration proceedings related to a US\$2bn power generation
