### Biography

Dr. Karolin Hiller is part of our internationally working Health Care and Life Sciences team in Berlin, Munich and Hamburg. She advises companies from all areas of the health care sector. She is particularly experienced in advising healthcare service providers (hospitals, medical care centers, pharmacies), but also advises companies in the pharmaceutical, biotech and medical device sectors. The focus of her legal practice is on medical law, social security law, pharmacy law, including all related issues of telemedicine and general and specific data protection laws.

Karolin Hiller provides advice to our clients on establishing business structures, drafting contractual agreements, required coordination with contractual partners, authorities and associations of healthcare service provider and also, if necessary, represents such clients in court proceedings enforcing their rights. She assists healthcare companies in identifying compliance risks when they cooperate with service providers and other third parties, as well as consults them in international transactions (mergers & acquisitions) and other complex contractual arrangements.

Karolin Hiller already worked in other countries (Italy) during her legal training and also subsequently as attorney she always worked in an international context, including a second period abroad (in Ireland). Before joining us, she worked for an international law firm in Berlin and subsequently practiced health law at a US
