

## *Education GOES International* on Hogan Lovells Engage

8 June 2020

Innovation means anticipating the needs of our clients. With this goal in mind, we are pleased to announce the 2020 edition of the Hogan Lovells international online education service and guide: *Education GOES International*, now hosted on the firm's new Engage Premium platform.

Now more than ever, education institutions are offering degree and non-degree programs online across borders. But regulation of education varies widely across countries and institutions that are not attuned to these different requirements risk interruption to their business and other consequences. Our global higher education practice has stepped in to help clients avoid these regulatory pitfalls and provide cost-effective access to our international team.

*Education GOES International* is an indispensable resource for regulatory and compliance issues related to online education programs across 22 countries around the world. For the 2020 edition, colleagues in our international education practice have updated the country research, and the Engage Premium team has greatly enhanced the user experience, creating a dynamic, easily searchable database that is hosted on the Engage Premium platform. [Engage Premium](#) is home to a wealth of global regulatory information on several legal topics and offers a range of digital products to help you navigate complex regulatory areas.

The cost of the *Education GOES International* service and guide is US\$10,000 per year (US\$7,500 for renewals) and includes:

- A compilation of country-by-country guidance focused on the most common regulatory and compliance issues facing online programs, such as authorization, accreditation, privacy, and tax.
- Features for the 22 countries where online programs are most frequently offered, corresponding in large part to the Hogan Lovells global footprint.
- Access to *Education GOES International* on Engage Premium, including additional materials addressing common regulatory issues, challenges, and solutions.
- Additional advice from our global education team (up to seven hours of time for new subscribers and 3.5 hours for renewals).

*Education GOES International* was recently commended in the 2019 FT North America Innovative Lawyer Awards. To request an engagement letter, please contact any member of our team. [Click here](#) to view additional information or an online demo. [Click here](#) to learn more about how we're innovating across the firm.

Thank you again for your interest and we look forward to supporting your international online programs.
