

# Federal Aviation Administration

## **Angela H. Stubblefield**

### **Deputy Associate Administrator for Security and Hazardous Materials Safety**

Angela H. Stubblefield has served as the Federal Aviation Administration (FAA) Deputy Associate Administrator for Security and Hazardous Materials Safety, ASH-2 since September 2013. She shares the Associate Administrator's responsibilities for formulating national policies and plans, and directing national programs involving security, emergency response, intelligence analysis, and safe air transportation of dangerous goods. In addition, she shares responsibilities for ensuring programs and operations are coordinated and integrated with the appropriate external and internal organizations.

As a leader with more than 22 years of comprehensive expertise and demonstrated success in threat analysis, emergency operations planning, hazardous materials safety, national security policy, and investigations oversight, Ms. Stubblefield is a highly respected advisor within the FAA and other Departments and Agencies, who works collaboratively to resolve high-profile, high-impact national security, safety, and crisis response challenges. She also currently represents the United States on the International Civil Aviation Organization Dangerous Goods Panel.

Previously, as Director of National Security Programs and Incident Response, she led strategic planning, policy development, and execution of critical and comprehensive programs that supported a variety of FAA national security and regulatory responsibilities.

Ms. Stubblefield has held FAA positions in various iterations of the Office of Assistant Administrator for Civil Aviation Security and ASH since mid-2001, as well as the intelligence unit of the Secretary of Transportation and Transportation Security Administration's (TSA) Office of Intelligence when it was initially established. She worked both as an Active Duty member of and a civilian for the United States Marine Corps (USMC) before joining the FAA.

Ms. Stubblefield graduated from the University of Virginia with a Bachelor of Arts in Government and Philosophy, after which she became a United States Marine. She also earned a Master of Arts in Transportation Policy, Operations, and Logistics from George Mason University.

Ms. Stubblefield's achievement and recognition awards received include the Secretary of Transportation's Gold Medal, FAA Administrator's Golden Compass Award for Exemplary Leadership, Director of National Intelligence Certificate of Distinction, Secretary of Transportation's War on Terrorism Medal, Secretary of Transportation's 9/11 Medal, TSA Gold Medal for Intelligence, and Secretary of Transportation's Team Award.
